

Growth Buddy generates the third — a calm, pressure-free two-line script that helps you take the next step.

What “Good” Looks Like

- You feel lighter, not heavier
- The next step becomes obvious
- The task feels smaller and more doable
- You regain agency without forcing yourself
- You move forward at a pace that feels safe

How to Use It in Real Life

- Type your situation into the Buddy
- Get your two-line script
- Use it immediately in your real context
- Repeat anytime you feel stuck or overloaded

Growth Buddy is built for momentum that respects your nervous system.

Copy/paste/go

1. What I’m trying to move forward

2. What feels heavy or stuck
